Professional career development

Comprehensive training programs

Supports for additional education

Library and research centers

Employee Wellness Program

Employee Assistance Program

- Earn up to €277K +50k for on-call duties, you will be on one point or another according your experience
- 30 days of annual leave + 10 days of holidays.
- Aid of €8,000 per year for innovation projects.
- Up to €12,000 to finance training.
- Good working conditions and environment.
- The child benefit of €140/month per child can be obtained once you become a resident if you have children under your responsibility.
- Very high quality of free public schools.
- Bologna Health Jobs will help the doctor with many issues related to the selection process and incorporation into our client hospital, such as: review of the CVS to adapt it to vacancies, help with registration with the Irish Medical Council (IMC). , tips and advice before hospital interviews, help getting your experience in Ireland recognized if you are coming from abroad, help with relocation issues, tax advice, career planning in Ireland, etc.

Requirements :

- **Minimum experience of 5 years (after primary medical qualification) in the practice of the medical profession, of which no less than 5 have been dedicated to psychiatry (counting their residency period)+ experience in one of these subspecialties:**

Adult Psychiatry, Child&Adolescent Psychiatry, Old Age psychiatry and ADHD

- Very high level of English (at least C1).

- Registered in the IMC in the registry of specialists in psychiatry or any other subspecialty within psychiatry. We will help all candidates do this if they are not already registered. We are one of the few agencies that will actually review all of your documents in order to do this.

- All candidates not already registered must be qualified as specialists in psychiatry within the European Union (no CVS will be considered without this requirement) or alternatively must have held a recognized specialist qualification in an EU member state and having practiced for 3 years from the date of recognition if you come from outside the EU.
